

BRADNER RESERVOIR

Enlargement Project

Bradner Reservoir at full capacity (300 acre-feet)

OUR FUTURE
IS CLEAR

LAS VEGAS, NEW MEXICO

Make the Bradner Reservoir Enlargement Project a reality for our community by contacting your state legislators today and letting them know that the Bradner Project is huge for Las Vegas.

The City of Las Vegas is making huge strides to create a sustainable water supply for all of us. By expanding capacity of our Bradner Reservoir we can capture surface water during the monsoons to use in drought periods, providing a year-round sustainable water supply and increasing our capacity almost 800%. **That's huge for all of us.**

Our goal is to secure a \$16 million dollar appropriation from our state legislators to complete our planned \$30 million dollar project. That's why the City has made the Bradner Reservoir Enlargement Project **our top priority at this year's legislative session.**

Funding Goal: \$30 Million

- 💧 \$2 million - Previously Invested
- 💧 \$12 million - Revenue Bond
- 💧 \$16 million - Capital Outlay

"I encourage you to contact your state legislators to support the Bradner Project" - Bernadette Gold, Owner of Pam's Flowers

"I'm contacting my legislators to support the Bradner Dam Project" - Max Trujillo, Owner Max Trujillo Insurance

"I support the Bradner Project" - Charlie Sandoval, Owner Charlie's Bakery and Cafe

"We're encouraging our legislators to support the Bradner Dam" - Cindy Collins, Director MainStreet de Las Vegas
