CONTRACTOR has no authority, express or implied, to bind the State of New Mexico (including HPD) to any agreements or understandings without the express written consent of the State.

CONTRACTOR agrees NOT to purport to bind the State of New Mexico, unless CONTRACTOR has express written authority to do so, and then only within the strict limits of that authority.

25. **CONFIDENTIALITY OF RECORDS AND INFORMATION; INSPECTION OF PUBLIC RECORDS ACT.** Any confidential information provided to or developed by CONTRACTOR in the performance of this CONTRACT will be kept confidential and will not be made available to any entity including individual(s) without the prior written approval of the HPD, which will not be withheld if the information is required to be disclosed by law. CONTRACTOR agrees to immediately notify HPD of CONTRACTOR'S receipt of any oral or written request for a public record made pursuant to the inspection of Public Records Act, Section 14-2-1 NMSA 1978 that may result in CONTRACTOR making available for inspection any information provided to or developed by the CONTRACTOR in its performance of this CONTRACT. HPD and CONTRACTOR agree that this provision shall not be deemed to have been breached or violated if confidential records or information, or public records that are excepted from the Inspection of Public Records Act as provided in Section 14-2-1(a)-(f) NMSA 1978, are made available for inspection pursuant to a court order issued by a court of competent jurisdiction.
26. **CONTINGENT FEES.** With regard to contract/subgrants, no person, agency, or other organization may be employed or retained to solicit or secure a grant, subgrant of contract upon agreement or understanding for commission, percentage, brokerage, or contingent fee. For breach or violation of this prohibition the federal government and/or HPD will have the right to annul this CONTRACT without liability or, at its discretion, to deduct from this CONTRACT or otherwise recover the full amount of such commission, percentage, brokerage, or contingent fee, or to seek such other remedies as may be legally available.

27. **DISCLOSURE OF INFORMATION.** Financial records, supporting documents, statistical records, and all other records pertinent to this CONTRACT provided to and by HPD/NPS are subject to disclosure to others under the Freedom of Information Act, 5 USC 552 (see *HISTORIC PRESERVATION FUND, GRANTS MANUAL*, Chapter 3, Section D.)

28. **OWNERSHIP OF COPYRIGHT - WORK FOR HIRE.** All original materials and works of authorship developed by CONTRACTOR under this CONTRACT will become the property of the State of New Mexico, Historic Preservation Division (HPD), and will be delivered to HPD no later than the termination date of this CONTRACT. CONTRACTOR, CONTRACTOR'S employees, agents or independent CONTRACTORS will not apply for a copyright of the materials without the prior written consent of HPD.

Any copyrighted materials developed under this CONTRACT are subject to a royalty-free, nonexclusive, and irrevocable license to the federal government to reproduce, publish, or otherwise use, and to authorize others to use, the copyrighted work for government purposes. CONTRACTOR agrees that any copyrightable publications, film, or similar materials developed directly or indirectly from a program, project, or activity supported by funds from the National Park Service and not expressly assigned to HPD, shall contain an acknowledgment of NPS grant assistance and any other statements required by the NPS Grants Manual.

29. **PROGRAM INCOME.** No program income will be generated by this project.

30. **RECORDS AND AUDITS.** CONTRACTOR will submit financial, program, and other reports as required by HPD, and will maintain for three years such property, personnel, financial, and other records and accounts for all CONTRACT funds. CONTRACTOR will maintain detailed time records that indicate the date, time, and nature of services rendered and detailed records of other expenses incurred.

CONTRACTOR shall allow NPS, the Comptroller General of the United States, HPD, the Department of Finance and Administration, the New Mexico State Auditor, and any of their duly authorized representatives to have access to any pertinent books, documents, papers, and records of CONTRACTOR to make audits (with right to hire an independent Certified Public Accountant of HPD's choosing and at its expense), examination, excerpts and transcripts and copies of such documents. This right also includes timely and reasonable access to the CONTRACTOR'S personnel for the purpose of interview(s) and discussion(s) related to such documents. The rights of access mentioned in this paragraph are not limited to the required retention period, but will last as long as records are retained. If an audit, litigation, or other action involving the records is started before the end of the three-year retention period, CONTRACTOR shall retain the records until the action is resolved or the end of the three-year period, whichever is longer.

In the event a final audit has not been performed prior to the termination date of this CONTRACT, HPD and its authorized representatives shall retain the right to recover an appropriate amount after fully considering the recommendations or disallowed costs resulting from such final audit. This does not preclude the right of HPD to recover excessive or illegal payments.

HPD may make site visits as frequently as practicable to provide such technical assistance as may be required at HPD's sole discretion.

31. **AMENDMENT.** CONTRACT may be amended in writing during the term and course of this CONTRACT for such reasons as 1) CONTRACT term extension, 2) changes in scope-of-work, 3) changes in deliverable items or 4) reductions or increases in project costs. If any performance review conducted by the HPD discloses the need for change in the budget estimates, CONTRACTOR will submit a request for a budget revision.

Indirect Costs: Notwithstanding the above, NO revision shall be made to the indirect cost rate as established in the budget without prior written approval by HPD.

If any performance review conducted by the HPD discloses the need for change in the budget estimates, CONTRACTOR will submit a request for a budget revision.

32. **TERMINATION FOR CAUSE.** Failure by CONTRACTOR, as determined by HPD, to carry out the terms or conditions of this CONTRACT (either by failing to comply or by having deficiencies in compliance), including the CONTRACT scope, will be cause for HPD to (a) wholly or partly terminate this CONTRACT, and/or (b) reduce the work items and the total cost of this CONTRACT, and/or (c) demand and obtain refund of all or part of the monies paid to CONTRACTOR, and/or (d) refuse payment for unsatisfactory work performed, and/or (e) temporarily withhold cash payments pending correction of the deficiency by CONTRACTOR, and/or (f) disallow (that is, deny both use of funds and any applicable matching credit for) all or part of the cost of the activity or action not in compliance, and/or (g) withhold further CONTRACTS, subgrants and any other types of award that might have been awarded by HPD; and/or (h) take other remedial action that may be legally available, whichever is appropriate in the judgment of the state. HPD will not reimburse costs associated with final products that do not meet the applicable Secretary of the Interior's Standards cited in paragraph two (2), "Deliverables" of this CONTRACT.

HPD will promptly notify CONTRACTOR in writing of the determination of termination and the reasons for the termination, together with the effective date. Payments made to CONTRACTOR or recovered by HPD under contracts terminated for cause will be in accord with the legal rights and liabilities of the parties

RIGHT TO TERMINATE ON SHORT NOTICE. HPD has the right at all times to terminate this CONTRACT on short notice 1) for failure to submit deliverables, and reports and documents (including but not limited to fiscal and scope-of-work reports and documents) or 2) when such deliverables and reports and documents show insufficient progress. In the case of Section #2 above, CONTRACTOR has the right to correct and bring into compliance all such deliverables and reports and documents within a reasonable time after notice to CONTRACTOR of any insufficiencies.

33. **TERMINATION FOR CONVENIENCE.** CONTRACT may be terminated by either of the parties to this CONTRACT upon written notice delivered to the other party at least thirty days prior to the intended date of termination. By such termination, neither party may nullify obligations already incurred for performance or failure to perform prior to the date of termination.

34. **ACCOUNTING.** At all times from the effective date of this CONTRACT until completion of this CONTRACT, CONTRACTOR will maintain properly segregated books of state funds, matching funds, and other funds associated with this CONTRACT. All receipts and expenditures associated with this CONTRACT will be documented in a detailed and specific manner, and will accord with the "BUDGET," as set forth in section 5, above.

35. **NON-LIABILITY OF HPD.** CONTRACTOR agrees and recognizes that the HPD assumes no responsibility with respect to accidents, illnesses, or claims arising out of work performed under a grant supported project. CONTRACTOR is expected to take necessary steps to insure or protect itself and its personnel and to comply with the applicable local, State, or federal safety standards, including those issued pursuant to the National Occupational Safety and Health Act of 1970.

- c. The CONTRACTOR further represents and warrants that it has complied with, and, during the term of this Agreement, will continue to comply with, and that this Agreement complies with all applicable provisions of the Governmental Conduct Act, NMSA 1978, Chapter 10, Article 16.  3. in accordance with Section NMSA 1978, 10-16-8(A) (2011), (i) the CONTRACTOR is not, and has not been represented by, a person who has been a public officer or employee of the State within the preceding year and whose official act directly resulted in this Agreement and (ii) the CONTRACTOR is not, and has not been assisted in any way regarding this transaction by, a former public officer or employee of the State whose official act, while in State employment, directly resulted in HPD's making this Agreement;

- d. CONTRACTOR'S representations and warranties in Paragraphs A and B of this Article 12 are material representations of fact upon which HPD relied when this Agreement was entered into by the parties. CONTRACTOR shall provide immediate written notice to HPD if, at any time during the term of this Agreement, CONTRACTOR learns that CONTRACTOR'S representations and warranties in Paragraphs A and B of this Article 12 were erroneous on the effective date of this Agreement or have become erroneous by reason of new or changed circumstances. If it is later determined that CONTRACTOR'S representations and warranties in Paragraphs A and B of this Article 12 were erroneous on the effective date of this Agreement or have become erroneous by reason of new or changed circumstances, in addition to other remedies available to HPD and notwithstanding anything in the Agreement to the contrary, HPD may immediately terminate the Agreement.
- e. All terms defined in the Governmental Conduct Act have the same meaning in part b of this Section.

37. **APPLICABLE LAW.** This CONTRACT will be governed by the laws of the State of New Mexico.

38. **ENTIRE AGREEMENT.** This CONTRACT incorporates all the agreements, covenants and understandings between the parties to this CONTRACT concerning the subject matter of this CONTRACT, and all such covenants, agreements and understandings have been merged into this written CONTRACT. 39. **SEVERABILITY.** To the extent that this CONTRACT may be executed and performance of the obligations of the parties may be accomplished with the intent of this CONTRACT, the terms of this CONTRACT are severable, and should any term or provision of this CONTRACT be declared invalid or become inoperative for any reason, such invalidity or failure shall not affect the validity of any other term or provision. The waiver of any breach of a term will not be construed as waiver of any other term.

40. **SURVIVAL OF CERTAIN CONTRACT TERMS.** Notwithstanding anything in this CONTRACT to the contrary, the parties understand and agree that all terms and conditions of this CONTRACT (including appendixes and *Supplement*) and its attachments hereto which may require continued performance of compliance beyond the termination date of this CONTRACT will survive such termination date and will be enforceable by the HPD as provided in this CONTRACT in the event of such failure to perform or comply by CONTRACTOR or its subcontractors.

If CONTRACTOR is found not to be in compliance with these requirements during the life of this Agreement, CONTRACTOR agrees to take appropriate steps to correct these deficiencies.
52. **WORKERS' COMPENSATION.** The CONTRACTOR agrees to comply with state laws and rules applicable to workers compensation benefits for its employees. If the CONTRACTOR fails to comply with the Workers Compensation Act and applicable rules when required to do so, this Agreement may be terminated by HPD.
53. **IDEMNIFICATION.** The CONTRACTOR shall defend, indemnify and hold harmless HPD and the State of New Mexico from all actions, proceeding, claims, demands, costs, damages attorneys' fees and all other liabilities and expenses of any kind from any source which may arise out of the performance of this Agreement, caused by the negligent act or failure to act of the Contractor, its officers, employees, servants, subcontractors or agents, or if caused by the actions of any client of the CONTRACTOR resulting in injury or damage to persons or property during the time when the CONTRACTOR or any officer, agent, employee, servant or subcontractor thereof has or is performing services pursuant to this Agreement. In the event that any action, suit or proceeding related to the services performed by the CONTRACTOR or any officer, agent, employee, servant or subcontractor under this Agreement is brought against the CONTRACTOR, the CONTRACTOR shall, as soon as practicable but not later than two (2) days after it receives notice thereof, notify the legal counsel of HPD and the Risk Management Division of the New Mexico General Services Department by certified mail.

That submittal date shall serve as the basis for submittals required thereafter. CONTRACTOR also agrees to levy this requirement on any subcontractor(s) performing more than ten percent (10%) of the dollar value of this CONTRACT if said subcontractor(s) meets, or grows to meet, the stated employee size thresholds during the

term of the CONTRACT. CONTRACTOR further agrees that, should one or more subcontractor not meet the size requirement for reporting at contract award but subsequently grows such that they meet or exceed the size requirement for reporting, CONTRACTOR will submit the required report, for each such subcontractor, within ninety (90) days of that subcontractor meeting or exceeding the size requirement. Subsequent report submittals, on behalf of each such subcontractor, shall be due on the annual anniversary of the initial report submittal. CONTRACTOR shall submit the required form(s) to the State Purchasing Division of the General Services Department, and other departments as may be determined, on behalf of the applicable subcontractor(s) in accordance with the schedule contained in this paragraph. CONTRACTOR acknowledges that this subcontractor requirement applies even though CONTRACTOR itself may not meet the size requirement for reporting and be required to report itself.

Notwithstanding the foregoing, if this CONTRACT was procured pursuant to a solicitation, and if CONTRACTOR has already submitted the required report accompanying their response to such solicitation, the report does not need to be re-submitted with this Agreement.

56. **INVALID TERM OR CONDITION.** If any term or condition of this Agreement shall be held invalid or unenforceable, the remainder of this Agreement shall not be affected and shall be valid and enforceable.

57. **ENFORCEMENT OF AGREEMENT.** A party's failure to require strict performance of any provision of this Agreement shall not waive or diminish that party's right thereafter to demand strict compliance with that or any other provision. No waiver by a party of any of its rights under this Agreement shall be effective unless express and in writing, and no effective waiver by a party of any of its rights shall be effective to waive any other rights.

IN WITNESS WHEREOF, the parties have executed this CONTRACT as of the date(s) below.

In the event that, due to unusual circumstances, it becomes apparent that this Grant Agreement cannot be brought to full completion within the time period set forth in Paragraph A above, the Grantee shall so notify the Division in writing at least 30 days prior to the termination date of this Grant Agreement, for the purpose of allowing the Grantee and

the Division to review the work accomplished to date and determine whether there is need or sufficient justification to amend this Grant Agreement and to provide additional time for completing the same. The Division's decision whether or not to extend the term of this Grant Agreement is final and non-appealable.

ARTICLE II – REPORTS

A. PSAP Annual Report: No later than June 30th of each year, the Grantee shall submit to the Division a PSAP Annual Report, in the form attached hereto as Exhibit A, as may be changed from time to time upon the Division's written notice to the Grantee. It is understood and agreed that the Grantee's expenditure of these monies shall not deviate from the line items of the Budget without the prior written approval of the Division and the funds shall not be expended for ineligible costs, 10.6.2.11(F) of the E-911 Rules.

B. The funds mentioned in Paragraph A above shall constitute full and complete payment of monies to be received by the Grantee from the Division.

C. It is understood and agreed that if any portion of the funds set forth in Paragraph A above is not expended for the purpose of this Grant Agreement, after all conditions of this Grant Agreement have been satisfied, the unexpended funds shall be reverted by the Division in accordance with the Act and the E-911 Rules.

E. Payments may be made by the Division as follows: 1) on behalf of the Grantee to telecommunications companies, vendors and equipment providers; or 2) reimbursements to the Grantee for actual costs or expenditures after the Division receives a completed Request

for Payment Form, or an invoice certified correct by the Grantee and/or the Division for the E-911 equipment, equipment maintenance, and upgrades billed by the equipment provider. All purchases made by the Grantee for equipment, equipment maintenance, and upgrades require prior written approval by the Division to be eligible for reimbursement.

F. Payments will not be made to the Grantee for work, equipment, maintenance or services not specified in this Grant Agreement or in violation of or ineligible under the E-911 Rules.

ARTICLE IV - MODIFICATION, TERMINATION AND MERGER

A. Early Termination. Except as provided in Article IV (D) below, this Grant Agreement may be terminated by either of the parties hereto upon written notice delivered to the other party at least 30 days prior to the intended date of termination. Except as otherwise allowed or provided under this Grant Agreement, the Division's sole liability upon termination shall be to pay for eligible Budget items purchased prior to the Grantee's receipt of the notice of termination, if the Division is the terminating party, or upon the Grantee sending a notice of termination, if the Grantee is the terminating party. A notice of termination shall not nullify or otherwise affect either party's liability for pre-termination defaults under or breaches of this Grant Agreement. The Grantee shall submit an invoice for such eligible Budget items within 30 days of receiving or sending the notice of termination. Notwithstanding the foregoing, this Grant Agreement may be terminated immediately upon written notice to the Grantee if the Grantee becomes unable to or fails to perform the terms of this Agreement, as determined by the Division or if, during the term of this Grant Agreement, the Grantee or any of its officers, employees or agents is indicted for fraud, embezzlement or other crime due to misuse of state funds or due to the Appropriations paragraph herein. No prior agreements, covenants, or understandings oral or otherwise, of the parties or their agents shall be valid and enforceable unless embodied in this Grant Agreement.

D. The terms of this Grant Agreement are contingent upon sufficient appropriations and authorization being made by the Legislature of New Mexico for the performance of the Grant Agreement. If sufficient appropriations and authorizations are not made by the Legislature, the Division may *immediately* terminate this Grant Agreement, in whole or in part, regardless of any existing legally binding third party contracts entered into by or between the Grantee and a third party, by giving the Grantee written notice of such immediate early termination. The Division's decision as to whether sufficient appropriations

are available shall be final and non-appealable. The Grantee shall include a substantively identical clause in all contracts between it and third parties that are (i) funded in whole or in part by funds made available under this Grant Agreement and (ii) entered into between the effective date of this Grant Agreement and the Termination Date or early termination date.

**Addendum A
Scope of Work
(Under this Cover)**

City of Las Vegas, New Mexico

Workforce and Talent Development / Economic Development Funding

Certification in Digital Fabrication, Making

PROJECT PLAN

What is your goal/objective for improving Las Vegas' workforce? What problems will your project/program solve in our workforce?

Our goal is implement a fast track, highly effective **digital fabrication and manufacturing program** to teach the emerging critical skills for necessary succeeding in our rapidly evolving regional economy. Our program will:

- Develop cutting-edge skills necessary for competing across a wide variety of emerging fields and evolving professions.
- Cultivate entrepreneurial opportunities by connecting students and graduates with new ideas, resources and potential partners.
- Establish a recognized professional certification for individuals completing the program that will enable employers and investors to clearly understand an individual's baseline skills and potential.
- Work with established expert partners to actively place certified graduates in high-opportunity job and apprenticeship positions.

Most workforce development programs, especially those focusing on our core target group of underserved youth and veterans, do a good job of placing people in lower income manual labor jobs, but don't **prepare them for positions of leadership and expertise in a dynamic, digitally-focused economy**. Simultaneously, too few potential entrepreneurs are exposed to the tools and techniques necessary to ignite and manifest potential product ideas. Our program will alter this dynamic in Las Vegas and, eventually, throughout New Mexico.

The results of the program will be to:

- Establish Las Vegas as a progressive epicenter for practical, effective, reliable training in important workplace technologies.
- Infuse a generation with the skills to be competitive in the workplace.

- Allow Las Vegas to take a leadership role in establishing best practices for workforce development of emerging critical skillsets.
- Significantly expand the reach and wage potential of partner programs such as YouthWorks! and HELP New Mexico.
- Create a self-sustaining workforce development and entrepreneurial support system

Describe your program or project. Please include a narrative of the process including a timeline and key milestones.

We are creating a pilot program offering a **Certification in Digital Fabrication, Making and Manufacturing**. The program will be developed initially in Santa Fe and Las Vegas, New Mexico.

The curriculum and certification program to train and certify New Mexicans (and especially local underserved youth) aims to combine the **most important job skills for success in the near future with cultivating entrepreneurial potential in the long-term**.

Following a successful pilot, we will expand into additional communities, such as Santa Fe, Albuquerque, and Taos. **Statewide expansion will ensure that employers across New Mexico are aware of the benefits of the program and the trustworthiness of the certification.**

Understanding digital fabrication tools and techniques is rapidly becoming a core competency of the existing and future job markets. Just as proficiency with computers and software became the defining skillset of a generation, digital fabrication and the associated tools and techniques are poised to define the next generation of high-skill employees in construction, manufacturing, design, architecture, product development, and a host of additional fields.

Ultimately, **the program will be self-sustaining** through a combination of low-cost tuition, business (key employer) sponsorship, and the creation of an in-house manufacturing concern that will serve as the crucible for student engagement and development. Much in the same way that culinary students spend time operating a campus restaurant, our students will help design and produce key products using digital fabrication technologies.

Timeline and Milestones:

1. Formalize core responsibilities and deliverables of partner agencies and programs: Sept. 2016.
2. Begin outreach and recruitment of pilot program candidates: Oct. 2016.
3. Resolve core components of certification program and correlate benchmarks to department of labor standards: Oct. / Nov., 2016.
4. Finalize instructors for all aspects of program as well as visiting experts: Nov., 2016.

5. Execute 6 month program: November 2016 through April 2017.
6. Graduation and presentation of certifications: May 2017.
7. Placement of graduates in jobs/apprenticeships: May-July 2017.
8. Aggregation of student experience, partner input, data tracking and results into report: June 2017.

This is a model program capable of expanding statewide and pursuing state and federal funding going forward and capable of franchise-style replication in other locations throughout the United States.

What areas/populations you intend to target:

Via our partnerships with YouthWorks! and HELP New Mexico we will work actively with disconnected youth as the core and most critical outreach group and beneficiary of the program. We believe **we can significantly expand the fields of opportunity and the wage potential** for current and future participants in these programs and will rely on the established expertise of the programs both for identifying and recruiting candidates as well as for job and apprenticeship placement following certification.

High school and college students as well as recent college graduates will be approached in association with West Las Vegas Schools, Las Vegas City Schools, Luna Community College, UWC-USA, and Highlands University.

Low income workers and families, as well as median income workers and their families, will be targeted through public and social media outreach as well as through specific programs designed to encourage employers to pay reduced fees in order to help educate their existing employees and the families of those employees. In particular, we plan to work with construction and manufacturing companies as well as hopefully establish programs for City and County of Las Vegas and San Miguel employees.

Specific targeted industries will include **construction, manufacturing, architecture, design, product design, sales, art fabricators, medical device manufacture and outdoor product manufacturers.**

How will you improve, leverage existing programs and community partners? How will you avoid duplication of existing programs and resources?

Our program will interact with and build on the efforts and **established networks already created by organizations such YouthWorks! And HELP New Mexico.** For example, YouthWorks! Maintains an existing certification program called Youthbuild that trains its participants in basic construction techniques via a partnership with Habitat for Humanity. Youthworks! then works to place graduates in apprenticeship programs with local employers

and helps to offset the cost. Our certification program will offer the same kind of partnership to Youthworks that Habitat for Humanity provides. The difference will be MAKE Santa Fe taking leadership on the development and validity of the certification and **actively working to ensure that graduates are ready to go to work in higher wage positions across a wider range of fields.**

Similarly, we will complement the work HELP New Mexico does to place underserved constituents in good job opportunities.

We have additional active partnerships with the White House Nation of Makers, Harvard University's Agency by Design, Georgetown University's Maker Hub, MAKE Santa Fe at the Meow Wolf Arts Complex, the ToolBox, Taos, and the Vietnam Veterans of America.

Our team has the demonstrated expertise to develop these programs and partnerships as well as the existing relationships to guide entrepreneurially-minded graduates toward resources and opportunities for starting businesses in our community.

How will your project evolve with the needs of the labor force and business?

Our certification program is predicated on training participants in **key emerging and developing technologies and digital fabrication equipment.** It's already a core mission of Parachute Factory to provide our community constituencies with access to and examples of the most compelling and effective developing technologies and those most likely to have an impact on businesses. We bring this key competency, as well as an international network of "maker" professionals to bear on creating a dynamic and flexible curriculum that will evolve as needed. Additionally, by **working closely with regional industries and employers,** both to generate support for the program and to place graduates as employees and with apprenticeships, we'll have a direct line to the shifting needs of businesses in the area.

Finally, our program is already future forward--the first major employers outside of cabinet shops and sign production studios to embrace these technologies are just beginning to come on line in meaningful ways. We're piloting this program as we've seen these job skills explode in coastal cities and major urban centers and begin to spread to southwestern employment centers like Denver, Austin and Phoenix. **Our program is timed to match industry needs over the coming decade in New Mexico.**

What is your communications and outreach plan? Who do you need to reach and how will you achieve this?

We believe the pilot program will be 80 percent filled via referrals from partnerships with Youthworks and HELP New Mexico. However, we will need to test our outreach techniques in order to be ready to grow the program over the coming years.

We will reach out to:

- Underserved youth
- Existing employers, especially in targeted industries
- Low and median income workers
- State agencies
- Business advocacy groups, development corporations, chambers, etc
- Schools, colleges and universities
- Recent high school and college graduates
- Veterans

Targeted and paid social media campaigns will help us reach individuals who have expressed an interest and/or proclivity in the skills we offer development in. We will capture and **celebrate the experience of pilot program participants via photography and video** for outreach in the following year.

Past and current community involvement by our team members demonstrate that we have strong existing relationships for reaching the remaining key audiences.

Team Member Qualifications

Why is your team worth investment by the City of Las Vegas? Please include relevant experience and background for all team members.

Mariano Ulibarri is the founder and director of Parachute Factory, a community makerspace in Las Vegas, NM. Since 2012, Parachute Factory has been promoting the maker movement in New Mexico through local events, statewide outreach, and presentations at the national level. In 2016, Mariano was invited to participate in President Obama's Nation of Makers Makerspace Organizers Meeting at the White House in Washington, D.C. In 2015, Congressman Ben Ray Lujan honored Parachute Factory with a Congressional Record, honoring Ulibarri & the organization for its contribution to promoting STEAM learning in New Mexico. **Parachute Factory is one of 35 sites nationwide to work with the Harvard University Graduate School of Education's Agency by Design** - a multi-year research project on the impact of maker education. In 2013, Parachute Factory joined forces with the New Mexico State Library to launch the NM Makerstate Initiative - a library-based makerspace program that has grown to be one of the largest in the country. Ulibarri is a Las Vegas, NM native. His goal with the Parachute Factory is to **empower local youth to reach their full potential through science, technology, engineering, art, and mathematics education.**

Adelita Lujan

Adelita is the third generation business operator of Estella's Cafe in Las Vegas, NM. In 2012, Estella's Cafe was home to the very first Parachute Factory pop-up makerspace event, and served as home to Hacker Scouts Guild #005 and Parachute Factory for the remainder of the year. Adelita is the mother of two, and a community activist. She initially joined Parachute Factory to support her children, but has proven to be one of the organization's most valuable members over the years. **Adelita is a strong communicator, skilled at bridging gaps between populations that might otherwise not connect.** Since Parachute Factory's first event, Adelita has done her best to assure Parachute Factory could become the force that it is today.

Adam Caldwell

Adam specializes in **data visualisation and information technology**. With more than 10 years in the field, Adam has supervised IT programs at New Mexico Highlands University, Luna Community College, and the Armand Hammer United World College of the American West. Adam studied in London, and the Pacific Northwest, but has always found his way home to northern New Mexico.

Measurement and Key Indicators

What are your measures and when will they be reported?

We intend to measure the following:

- Partnerships, expectations and experiences
- Interest/applications to program
- Interest/communication with employers and agencies
- graduation/certification success level
- Job and apprenticeship placement rate
- Pre program home and workplace locations for participants
- Pre program income for participants
- Post certification home and workplace locations for participants
- Post certification income for participants
- Post certification businesses started by graduates
- Workforce training engaged by employers
- Wage change before and after workforce training
- Estimate of new jobs created in areas covered by certification
- Post certification participants who cite program as key aspect of achieving new or higher paying employment

How will we know if your project/program is succeeding?

- Certification trusted by employers

- Graduates placed in jobs and retaining jobs
- Graduates starting businesses
- Employers pursuing advanced training for employees
- Higher wages
- Desire to participate in program
- Diversity of program participants
- Success in building product-based self sufficiency program

How does your data collection inform program improvement, creation, integration, and collaboration? How are you identifying needs and trends?

In the initial phase our data collection will be **publicly available and searchable** on our website. We will invite both participants and partner organizations to make observations and suggestions based on the data. In the second phase, the data will be **visually and geographically represented and the search and view parameters will be interactive and customizable** by interest and key factors. We intend to invite all interested parties, including and especially City of Las Vegas, NM to visually track the location, achievements, job placement and wage growth of program participants and the impact on partner organizations and employers.

This powerful tool will ensure that our process and priorities are entirely transparent and **enable us to see demographics that are not utilizing the program or failing to benefit from it.** Tying ourselves to this kind of tracking also commits us to a long term relationship with program alumni--we don't want to push people through a program, **we want to be a long-term partner in their ongoing success, career development and entrepreneurial opportunities.**
