REQUEST FOR PROPOSALS FOR PRINTING AND MAILING SERVICES

The City of Las Vegas, New Mexico is requesting proposals for Printing and Mailing Services as defined in the scope of work.

1. INTRODUCTION

The City of Las Vegas (hereinafter (City")) is requesting proposals for printing and mailing services of utility billing. The City anticipates an average printing of 7,700 utility statements per month. The offeror is to provide dynamic, two-color, duplex printing of statements, if applicable, inserting statements, with remittance envelope and occasional additional inserts, prepare for mailing, and mailing the statements obtaining the best postage rate possible. This process is required on a weekly basis with a 24 hour mail out, turn-around guarantee. The agreement term will be for one year with the option for renewal up to four (4) years. The contract, including renewals and amendments thereof, may not exceed a total duration of four (4) years. The contract will begin upon final approval by the City Manager.

A. BACKGROUND

The City is a municipality located in Las Vegas, New Mexico, under a Commission-City Manager form of government. The City provides utility services for a water, waste water, gas system and solid waste services to approximately 7,700 customers with 4 (four) billing cycles.

The City's utility billing and customer information system is the Incode Tyler. Billing data is processed through batch update process. The production of bill files and reports follows the update process. After the process is completed, the billing data files are sent via FTP to vendor for processing. Once the print file is created the bills are laser printed on double sided 8½ x 11 inch white stock paper, with a perforation for the tear off payment stub located at the top of the page. After printing has been completed, bills are folded and inserted with any applicable inserts and a return payment envelope into mailing envelopes. Bills are then prepared and processed for mailing. In some cases, customer bills may result in multiple pages and some customers may have multiple bills addressed to the mailing address and must be grouped accordingly for mailing in a single envelope.

B. SCOPE OF WORK

The City of Las Vegas is soliciting proposals from vendors interested in providing the services necessary to print and mail the City's utility bills weekly. In addition, the City seeks to evaluate developing an improved design for its bill.
