RFP 2023-18

Addendum #1

1. Can Contractors physically see the building site for the new construction of the Maintenance building so we may accurately produce an Estimate for the Electrical portion of the project?
 - Contractors may contact Project Management at utilities division for site visits.
 - No site visits will be allowed after June 13, 2023.
2. Scope of work #22 800-amp 120/208 3 phase is to excess for build can contractor phase it lower if need be?
 - Design/ Build Contractor should address and include but not limited to specifications and appurtenances (DBC should include electrical but not limited to how many amps or phase the electrical is needed to power the building).
